MATERIAL SAFETY DATA SHEET

24 Hour Emergency Telephone No. (Chemtrec) 1-800-424-9300

The emergency number should be used only in the event of an emergency involving a spill, leak, fire, exposure or accident with hazardous materials.

I. PRODUCT IDENTIFICATION

Trade Name:	Natural Grapefruit Aroma	TCX Product Code:	BP04120
Chemical Family:	fruit essence	CAS Number:	n/a
Chemical Name:	n/a	FEMA/GRAS Number:	182.20
DOT Shipping Name:	ethanol solutions	Molecular weight:	mixture
DOT Hazard Class:	flammable liquid, PG II, class 3	Molecular Formula:	n/a
DOT ID Number:	UN 1170	Harmonized Code:	3302.10.90000
Emergency Response Guide	127		

II. HAZARDOUS COMPONENTS

<u>Name</u>	<u>Concentration (Range)</u>	<u>Threshold Limit Value (TLV)</u>
Ethanol	6-10%	none detected

Although no threshold limit value is established for this mixture by Federal Standards, a lowest achievable TLV is accomplished by means of sufficient ventilation.

III. PHYSICAL AND CHEMICAL DATA

Appearance: Clear to slightly hazy colorless liquid	Odor: pleasant grapefruit aroma
Boiling point (1atm): 95°C	Freezing Point: n/d
Specific Gravity: 0.98	Water Hazard Class: WKG1
Solubility in Water: Soluble	

IV. FIRE AND EXPLOSION HAZARD DATA

Hazardous Material Identifications System (HMIS):

Health : 0 Flammability : 2 Reactivity : 0 Protection: G

Flash Point (closed cup):	51°C Class III Flammable liquid
Extinguishing Media:	Use media for Class B fires: foam CO ₂ or dry compound.
Special fire fighting procedures:	SCBA recommended, PPC should be worn.
Unusual fire and explosion hazards:	None.

V. REACTIVITY DATA

Stability consideration :	Stable.
Condition to avoid :	Avoid temperatures above 50°C
Incompatibility:	None known.
Hazardous decomposition product:	None known.
Hazardous polymerization :	No

VI. HEALTH HAZARD DATA

Carcinogenic Data:	Not listed in NTP, IARC or OSHA directories of Carcinogenic Materials.
Primary routes of Exposure:	Skin contact, inhalation, and ingestion.
Effects of overexposures:	
Acute:	Vapor irritates eyes and mucous membranes. Skin contact with liquid may cause localized itching and moderate irritant.
Chronic	Frequent exposure may induce dermatitis in sensitive individuals. Prolonged contact has caused photosensitivity in some cases.

Medical Conditions Aggravated by Exposure: None known.

Emergency first aids procedures:	
Inhalation:	Immediately move outside to fresh air. Perform CPR if not breathing. Call emergency personnel if the situation is life threatening.
Eyes:	Flush with water for least 15 minutes. If irritation persists, contact a physician.
Skin:	Wash with soap and water. If persists, see a physician.
Ingestion:	Give water and milk to dilute substance. For large amounts, see a physician.

VII. SAFETY MEASURES AND EQUIPMENT

Ventilation:	Mechanical ventilation recommended.
Respiratory:	Optional.
Skin:	Protective Neoprene gloves are recommended.
Eyes:	Safety glasses with side shields or chemical goggles.
Restrictions:	No open flames, smoking or unshielded lights.
Handling and storage precautions:	Store in full, sealed containers under refrigerated conditions. Do not expose to excess heat.
Other:	Eye wash stations and emergency showers should be located nearby.

VIII. SPILL OR LEAK PROCEDURES

Spill Control:	Do not smoke; eliminate sources of ignition. Contain spill with absorbent materials. Remove to a disposal container and scrub floor with detergent and water. Use mop to clean up small spills. Caution: Spills are very slippery on floors.
Disposal:	Dispose in accordance with state, federal and local disposal laws.

XI. REGULATORY STATUS

No health hazards data exists for daily occupational exposure to this mixture. When used at recommended levels in flavor applications, this mixture has been determined to be generally recognized as safe (GRAS) in safety review by the Flavor and Extract Manufacturer's Association of the United States (FEMA) under the authority of section 201(s) of the Federal Food, Drug and Cosmetic Act.
